Legacy Builders International Schools of Global Leadership for Youth

Empowering Youth_ Leading Communities_ Transforming Nations

Dear Partner in Global Impact,

It is with great vision and Kingdom purpose that we invite you to join us in an extraordinary mission. Legacy Builders International Schools of Global Leadership for Youth exists to develop the next generation of globally conscious, ethically grounded leaders who are equipped to serve, innovate, and transform their communities and nations.

Legacy Builders International Schools of Global Leadership for Youth are more than schools—they represent a global movement. Designed for international scalability, our model fuses state-mandated academic programming with personalized academic learning, faith-integrated leadership training, intercultural immersion, and internship-based development. Students are empowered to identify their purpose, engage their communities, and impact the world.

Our educational framework draws from the strengths of Montessori interdisciplinary study, Cristo Rey's work-study immersion, and the Global Leadership Institute's emphasis on ethical and civic leadership. Each year culminates in capstone projects, global simulations, and local or international service.

We are seeking committed partners—ministries, educational institutions, corporations, and philanthropic leaders—who share our passion for equipping youth. Your support can open doors for scholarships, mentorships, work-study placements, and international expansion.

As Matthew 5:16 declares, "Let your light so shine before men, that they may see your good works and glorify your Father in heaven." We believe these youth will be that light—rising like Daniel in Babylon, Joseph in Egypt, and Esther in Persia.

We welcome a conversation with you to explore partnership possibilities. Together, we can shape legacy-minded leaders who will transform the world.

With sincere gratitude,

Dr. Eulalee
