

Dr. Eulalee Wong

International Apostolic Bishop Dr. Eulalee Wong is a proven strategic leader, innovator, and solutionist in business and kingdom culture. She served as a banking executive at a Fortune 100 financial company for over a decade, critical in taking the local system from a thought to an international enterprise. Having been called to carry an apostolic mantle, she has humbly served and pioneered 80+ small businesses over the last 33+ years. In support of her passion for a flourishing faith, business, and community ecosystem, Dr. Eulalee is the Chief Innovation Officer and Kingdom Architect of Faith Walk International Global - where she brings both strategic and revelatory insight through business modeling and leadership development training. She is steadfast in her belief that the greatest triumph for leadership is to be a part of a larger system; whose mission is to connect with the purpose of being catalysts for impactful transformation.

The Global Leadership Institute is an international-guided leadership equipping program focused on training and development to effectively move within a global system; and is also a forum for vision-focused leaders to engage for success built on a small group relational model. The mission of GLI is to provide a comprehensive training and coaching program that empowers faith, business, and community leaders with the skills, knowledge, and mindset required to navigate in a complex, interconnected global landscape, and to excel in diverse systems. Dr. Eulalee's passion for youth and young adult leadership development, fired by the proof of concept of 15 years of togetherness for the Project 1315 Alumni Association, has led to the implementation of the 'NOW Academy'. Where Christ-identity affirmation, life skills training, personal and academic resilience workshops, job readiness coaching, career exploration mentoring, and innovation through entrepreneurship is at the heart of the GLI Leadership Development Model '25.

Dr. Eulalee is the author of a published work titled- *Global Leadership: Navigating Cross-Cultural Systems*; where she expertly unpacks the frameworks and structures within societies where religious beliefs, practices, and institutions play a central role in shaping social, political, economic, and cultural life. These systems integrate religious doctrines and principles into the governance and daily operations of a community or nation, influencing laws, policies, education, business, and social norms. The degree of integration can vary, from systems where religion is a central guiding principle to those where it has a strong but less direct influence. Dr. Eulalee offers a 20-week course study on the discourse by drawing upon insights from scripture, theology, and academic literature on leadership, seeking to uncover key principles and strategies that can guide leaders in navigating the complexities of religious diversity with wisdom, empathy, and integrity. Through a multidisciplinary approach that integrates perspectives from religious studies, sociology, psychology, and organizational behavior, the course aims to provide a comprehensive understanding of the challenges and opportunities inherent in global leadership within religiously diverse contexts. Dr. Eulalee Wong currently serves on several International Boards in multiple countries, and her primary focus is on increased capacity for leadership development. She is the Dean of The Global Leadership Institute- focused on increasing business and kingdom-culture capacity through targeted training and coaching for global system excellence- in addition, GLI Youth and Young Adult programming offers innovation in personal and academic resilience to our NOW LEADERS; job readiness, life skills and entrepreneurship training are among the key strategies. She serves as the Vice-President/Global Director of Strategy for Ministers Connect International- a international network of pastors and community leaders where developing global systems through mindful leadership training are at the forefront of collaborative connections. It is critical to note that her greatest honor in life is the role she plays as daughter, mother, grandmother, sibling, niece, cousin, mentor and friend to a fabulous collection of legacy builders.

Dr. Eulalee Wong
